 United States to nominate Ukrainian President Poroshenko for a Nobel Peace Prize
[More...](#)

There have been several attempts to discredit the Nobel Peace Prize since its establishment. Founder of Italian fascism, bloody dictator Benito Mussolini was nominated for the Prize in 1935. In 1939 member of the Swedish Parliament E.G.C. Brandt nominated Adolf Hitler, who unleashed the Second World War. Tens of millions of people died at the hands of his soldiers. American President Barak Obama received the Prize in 2009, though he did not stop the war in Afghanistan, failed to close the torture prison in Guantanamo. While American drones constantly kill civilians in the Middle East at his order. The Prize pushed Obama to even bloodier airstrikes in Libya and Syria. This year US Ambassador to Norway Julie Furuta-Toy is at great pains to get Ukrainian President Poroshenko nominated for the Prize. As you can see from the letter of the Chairman of Ukrainian Parliament Volodymyr Groysman, US Ambassador managed to get the support of two Nobel committee members.

CHAIRMAN OF THE VERKHOVNA RADA OF UKRAINE

May 19, 2015

№ 01-5/126(90542)

JULIE FURUTA-TOY

Chargé d'affaires
Embassy of the United States
Henrik Ibsens gate 48
0244 Oslo, Norway

Dear Mrs. Furuta-Toy!

We appreciate the efforts you have made to have Petro Oleksiyovych Poroshenko nominated for a Nobel Peace Prize. Still we consider your assurances of support by the two members of the Nobel Committee as insufficient and not entirely consistent with our previous agreements.

We understand the difficulties you face when promoting the candidacy of the President of Ukraine, therefore we ask that you exert additional leverages by engaging those U.S. senators who effectively cooperated with the Committee in 2009. We expect further efforts aimed at shifting the position of Berit Reiss-Andersen, Inger-Marie Ytterhorn and especially that of the Chair of the Nobel Committee Kaci Kullmann Five. Regarding the latter, we recommend that you take advantage of the information you are going to receive from Germany. Your colleagues in Berlin have assured us that the dossier will soon be delivered to the U.S. Embassy in Oslo.

It is of utmost importance for Mr. Poroshenko to have firm guarantees that he will be awarded the 2015 Nobel Peace Prize, since it could highlight the unanimous support of Ukrainian integrity by the democratic community of the world. Assistant Secretary of State Viktoria Nuland has highly estimated your job during her visit to Kyiv. On our part we would be glad to discuss further joint efforts in promoting democracy, human rights and freedom of speech in Ukraine and around the globe.

We look forward to our mutually beneficial cooperation.

Respectfully,

V.GROYSMAN

Still he asks that Mrs Furuta-Toy engage those US senators who effectively cooperated with the Committee in 2009. He wants to get support of the other three members and especially that of the Committee chairman Mrs Kaci Kullmann Five. If successful, they will nominate the man, whose presidency is accompanied by a full-scale civil war. Thousands of people die, freedom of speech is suppressed, political cleansings are authorized, Ukrainian nationalists who supported Hitler are glorified, Neo-Nazism is expanding. This will undermine the trust that we have in all the praiseworthy initiatives of Alfred Nobel.
